

Inplenion International AG is acquiring Forensis Finance & Controlling AG, a market leader in CFO Advisory Services.

Inplenion International AG, a leading provider of business consulting services and Oracle Platinum Partner headquartered in Switzerland, acquires Forensis Finance & Controlling AG. The transaction will be completed by the 30th of July. This creates a fast growing international advisory, software implementation and managed service company with more than 120 employees. It also results in one of the largest Oracle EPM and Business Analytics practice in EMEA.

Swiss-based Forensis Finance & Controlling AG is an Oracle Gold Partner that helps CFO offices to automate and streamline their financial close processes and reporting needs. It is a leading CFO services provider in the German speaking region, Central – and Eastern Europe.

«The acquisition of Forensis Finance & Controlling AG is a strategic win for the Inplenion Group. Inplenion gains through its full integration an appealing customer base and outstanding Financial Close and Group Accounting knowledge. At the same time, we considerably strengthen our presence in Europe and will continue to extend it. », states Inplenion CEO Jann Tadorian

Roland Flury, current chairman of the board of Forensis Finance & Controlling AG, expects that the market position of Forensis Finance & Controlling AG will be strengthened: „ After the evaluation of different options we are convinced that Forensis Finance & Controlling will continue to extend its leading position in the German speaking region, Central- and Eastern Europe through the integration into Inplenion and thereby through bundling of forces and the use of synergies .“
